

Panama City Campus Student Headcount Enrollment, Fall Semesters

The Panama City Campus of Florida State University began operations in 1967 when three universities started offering courses to area students. The University of West Florida was assigned to administer the campus in 1971, and that administrative responsibility was transferred to Florida State University in July 1982. The Bay County Commission donated a 26 acre waterfront site for constructing new campus facilities to replace buildings loaned by the Bay County School Board and Gulf Coast Community College. Construction of the new campus facilities began in 1983, and the new buildings were ready for use during the 1987 spring semester. The Holley Academic Center opened in spring 2009 and includes 10 teaching laboratories.

The College of Applied Studies makes its home at the FSU-Panama City campus. The College was established to enable Florida State University Panama City to respond to the educational needs of the citizens of Northwest Florida and beyond.

Students enrolled at the Panama City campus are served by over 45 full-time faculty, plus additional faculty who travel from the Tallahassee campus <https://pc.fsu.edu/Faculty-Staff>.
