Krafft Professors (Formerly Eppes Professors)

In 2020, the Eppes professorship was renamed to honor the late Marie Krafft, who served as a professor of chemistry at FSU for three decades. Krafft joined the FSU faculty in 1984 and gained widespread recognition for her contributions to organometallic chemistry and synthetic organic chemistry. She mentored numerous graduate students and postdoctoral researchers. In 2009, she received the University Undergraduate Teaching Award in recognition of excellence in teaching. Krafft professors are often deemed "Super Professors" because of the high quality of their character, vision, and intellect.
