Mission, Vision, and Strategic Priorities of Florida State University

Prologue: The Florida State University was founded in 1851 and has developed from one of the nation's preeminent women's colleges into a comprehensive graduate-research university, offering a broad array of academic and professional programs at all degree levels.

Mission: The Florida State University preserves, expands, and disseminates knowledge in the sciences, technology, arts, humanities, and professions, while embracing a philosophy of learning strongly rooted in the traditions of the liberal arts. The university is dedicated to excellence in teaching, research, creative endeavors, and service. The university strives to instill the strength, skill, and character essential for lifelong learning, personal responsibility, and sustained achievement within a community that fosters free inquiry and embraces diversity.

Vision: The Florida State University will be one of the world's premier institutions of higher education, devoted to transforming the lives of our students, shaping the future of our state and society, and offering programs of national and international distinction in a climate of inquiry, engagement, collegiality, diversity, and achievement.

Strategic Priorities:

Strategic Priority 1.0 - Recruit and graduate outstanding and diverse students.

Goal 1.1 - Florida State University will be a school of choice for talented students.

Goal 1.2 - Florida State University will be a leader in overall graduation rates by ensuring that students (undergraduate, graduate, and professional) progress toward the degree in a timely manner.

Strategic Priority 2.0 - Enrich the student experience while supporting and improving undergraduate, graduate, and professional education.

Goal 2.1 - Florida State University will provide an undergraduate experience unsurpassed in developing well-rounded students who demonstrate excellence in their majors, exceptional leadership, and the ability to engage in lifelong learning, and contribute to a diverse and global society.

Goal 2.2 - Create an engaged intellectual community among faculty and students that fosters excellence and communication across disciplines, and prepares graduate and professional students to succeed in the 21st-century global workforce.

Strategic Priority 3.0 - Recruit, develop, and retain outstanding and diverse faculty and staff.

Goal 3.1 - Recruit and hire outstanding employees at all levels.

Goal 3.2 - Create and maintain a harmonious, diverse, inclusive, and high-performing work environment.

Strategic Priority 4.0 - Enhance research and creative endeavors.

Goal 4.1 - Increase the quality and quantity of research and creative endeavors.

Goal 4.2 - Expand the number of nationally or internationally recognized interdisciplinary academic programs.

Goal 4.3 - Increase investments and external support to ensure administrative and academic sustainability for research & creative endeavors.

Strategic Priority 5.0 - Foster academic excellence.

Goal 5.1 - Accommodate and expand a collaborative campus.

Goal 5.2 - Develop the skills and provide opportunities for lifelong learning.

Goal 5.3 - Continue to promote a culture of academic and professional integrity.

Goal 5.4 - Foster global citizenship.

Goal 5.5 - Allocate resources to reward and sustain excellence.

Goal 5.6 - Promote excellence in technology applications and services.

Strategic Priority 6.0 - Ensure operational excellence while maintaining financial integrity.

Goal 6.1 - Optimize organizational performance.

Goal 6.2 - Ensure a safe and secure campus.

Goal 6.3 - Foster a spirit of service excellence.

Goal 6.4 - Achieve excellence in the physical campus environment.

Goal 6.5 - Achieve excellence in the sustainable campus environment.

Goal 6.6 - Make Florida State University an exemplar of mentoring programs for students, staff, and faculty.

Strategic Priority 7.0 - Strengthen the public service mission of the university.

Goal 7.1 - Foster a university commitment to problem solving.

Strategic Priority 8.0 - Build the university's national reputation.

Goal 8.1 - Develop and communicate excellence at the university.

Note: On February 26, 2009, the FSU Board of Trustees approved the prologue, mission, vision, strategic priorities, supporting goals, and initiatives (not included herein), submitted by the 22-member Strategic Planning Committee. More information is available online at: fsuspc.fsu.edu

Florida State University Perspective

Overview

The Florida State University is a public, fully accredited, coeducational research institution, and one of eleven units within the Florida State University System directed by the Florida Board of Governors. Located in Tallahassee, Florida's capital city, the University affords students and faculty opportunities for interaction with state and federal agencies for internships, research, and part-time employment, as well as a myriad of social, cultural, and recreational activities. The main campus is located on 446.2 acres in Tallahassee with other facilities owned in Leon, Bay, Collier, Franklin, Sarasota, and Gadsden counties, and leased in Escambia, Leon, and Palm Beach counties in Florida, and other locations overseas. The University owns a total of 1,567.5 acres.

Founded in 1851, Florida State University is a comprehensive, national, graduate-research university offering more than 300 outstanding academic and professional degrees in top flight programs ranging from Business and Physics to Music and Creative Writing. Florida State University provides extraordinary opportunities for undergraduate students to build a strong foundation in their chosen fields; study abroad at the university's overseas campuses; engage in scores of service activities; benefit from world class library and technical facilities; participate in extensive intramural and recreational events; and interact with some of the finest students and faculty in the nation in a distinctive, welcoming environment. The university instills the strength, skill, and character essential for lifelong learning, personal responsibility, and achievement.

With 16 colleges, plus the Graduate School, students may take courses of study leading to the baccalaureate degree in 103 degree programs, to the master's degree in 115 degree programs, to the advanced master's degree in 1 program, to the specialist degree in 23 degree programs, to the doctorate degree in 76 degree programs, and to the professional degree in 2 degree programs. The academic divisions are the Colleges of Applied Studies; Arts & Sciences; Business; Communication & Information; Criminology & Criminal Justice; Education; Engineering; The Graduate School; Human Sciences; Law; Medicine; Motion Picture Arts; Music; Nursing; Social Sciences & Public Policy; Social Work; and Visual Arts, Theatre & Dance.

Approximately 84 percent of the students enrolled at the university attend full time. Undergraduates comprise 77.3 percent and graduate students 19.8 percent of the total enrollment of 41,301 students in the Fall of 2012. The remaining 2.9 percent are considered unclassified. The average age of all students is 22.8; of undergraduates, 21.0; and of graduate students, 29.0.

The State University System operates under the supervision of the Board of Governors, State of Florida. The Florida State University is governed by a Board of Trustees, which was established in July, 2001. The twelve governor-appointed members of the Board of Trustees are: Allan Bense (Chair), Susie Busch-Transou (Vice Chair), Edward Burr, Joseph Camps, Emily Fleming Duda, Joseph Gruters, Wm. Andrew Haggard, Mark Hillis, Leslie Pantin, Margaret A. "Peggy" Rolando, Brent W. Sembler, and Sandra Lewis (faculty representative). A thirteenth member of Florida State University's Board of Trustees is the current student body president, Rosalia "Rosie" Contreras.

Research and Special Programs

Florida State University has built a reputation as a strong research center in both the sciences and the humanities. It is expected that more than \$200 million in external funds will be generated this year by the university faculty and administration as supplements to state funds used for research. These external funds are in the form of contracts and grants from private foundations, industries, and government agencies, and are used to support research, improve research facilities, and provide stipends for graduate students.

Florida State is well known in the natural sciences for its basic research programs in biology, chemistry, meteorology, nuclear science, oceanography, physics, and psychology. Strong basic and applied research programs are also found in computer science, geology, mathematics, and statistics. As a nationally recognized center of excellence in graduate training in the visual and performing arts, the University offers professional training in music, theatre, and dance performance and theory.

FSU International Programs has over 50 years of experience in providing students with extraordinary study abroad experiences. Through our more than 50 academic programs, students can choose to study in over 20 locations throughout Europe, Asia, South America, Oceania, and South Africa. Program opportunities include spring, summer and fall semesters at our four study centers, summer terms in additional locations, spring break program opportunities, First Year Abroad for incoming freshmen, and international internships. The year-round study centers are located in Florence, Italy; London, England; Panama City, The Republic of Panama; and Valencia, Spain. Summer programs are currently being offered in locations including Argentina, Bahamas, Brazil, China, Costa Rica, Croatia, Czech Republic, Ecuador, France, Israel, Peru, Russia, Switzerland, and Turkey. FSU credits are earned for all courses and are transferable within the US university system in accordance with each student's home university regulations.

FSU operates the Ringling Center for the Cultural Arts in Sarasota, which includes the John and Mable Ringling Museum of Art, the largest museum/university complex in the nation. Since July 1, 1990, the Appleton Museum of Art, in Ocala, has been jointly owned by Florida State University and Central Florida Community College.

Florida State University has both an Air Force and an Army Reserve Officers' Training Corps (ROTC) program. FSU students may apply for admission to the Navy ROTC Program offered through Florida Agricultural and Mechanical University in Tallahassee.

FSU is a founding member of the Florida LambdaRail, a consortium of universities created to facilitate advanced research, education, & economic development activities. The network consists of 1,540 miles of dark fiber/optical equipment, operating at 10 gigs/sec. & allowing up to 32 independent networks to exist. FSU has a supercomputing grid that enables researchers to use high capacity computing to support complex investigations..

Florida State University Perspective

The University Library System contains about 3 million volumes, of which more than 1 million are available electronically as e-books. With almost 2 million visitors each year, Strozier Library, FSU's largest library, is open 134 hours each week, providing around the clock research assistance and study spaces. Strozier and Dirac Libraries offer free academic tutoring and a robust range of academic support services and programming throughout the day and late into the night. The libraries subscribe to thousands of current serials including academic journals, professional and trade journals, and major newspapers from around the country and the globe in both paper and electronic formats. The libraries also subscribe to more than 778 databases. The FSU Libraries include eight libraries on campus: The Robert Manning Strozier Library, Paul A. M. Dirac Science Library, Mildred and Claude Pepper Library, Warren Allen Music Library, Harold Goldstein Library and Information Studies Library, College of Law Library, College of Medicine Medical Library, and the College of Engineering Library. Library materials and services are also available at the FSU Panama City Campus, as well as International Programs study centers in London, Florence, and Panama, and a collection of art and related materials at the John and Mable Ringling Museum of Art in Sarasota, Florida.

Among the special programs which have won national or international distinction in research are the Program in Nuclear Research, Institute for Molecular Biophysics, FSU Marine Laboratory, Center for Music Research, Learning Systems Institute, FSU Proton-Induced X-Ray Emission (PIXE) Laboratory, FSU Institute of Science and Public Affairs, and the College of Motion Picture Arts.

In 1990, the National Science Foundation announced that FSU would be the home of the National High Magnetic Field Laboratory. A joint project with the University of Florida and Los Alamos National Laboratory, the lab became the nation's top center for research on magnets millions of times more powerful than the Earth's magnetic field. This facility is the first national lab to be located in Florida and went into operation in 1994. Research at the lab is conducted in such diverse fields as biology, materials science, medicine, physics, chemistry, engineering and superconductivity.

Seal of The Florida State University

The seal of The Florida State University, which was designed by the combined talents of the Art and Classics Departments, has its origins in the first decade of the 20th century during the administration of President Albert A. Murphree. It was updated in the year 2000 to accurately reflect the year that Florida State University was created, 1851. In 2005, minor cosmetic updates were made.

The torches of the seal symbolize the fire given to man by the Greek god Prometheus. This fire enabled man to elevate himself above the animals and become human. The torches of the FSU seal symbolize the purpose of the University: the passing on of knowledge from generation to generation. The torch on the left is Vires: strength of all kinds, physical, moral and intellectual. The center torch is Artes: that which we acquire - knowledge which transcends skills, the appreciation of beauty. The torch on the right is Mores: customs, character and tradition. Through these three ideals the student is educated physically, mentally and morally.

History of The Florida State University

The Florida State University, one of the largest and oldest of the eleven institutions of higher learning in the State University System of Florida, had its beginning as early as 1823 when the Territorial Legislature began to plan a higher education system. In 1825 the Federal Government reserved two townships for the purpose of maintaining institutions of higher education in the territory, and on March 3, 1845, the United States Congress, in an act supplemental to the act admitting Florida as a state in the Union, added two more townships. These townships were granted to the State for the use of two seminaries of learning, one to be located east and the other west of the Suwannee River. The Legislature of the State of Florida in a Legislative Act of January 24, 1851, provided for the establishment of the two institutions of learning, their first purpose to be "the instruction of persons, both male and female, in the art of teaching all the various branches that pertain to a good common school education; and next to give instruction in the mechanic arts, in husbandry, in agricultural chemistry, in the fundamental laws, and in what regards the rights and duties of citizens."

By 1854 the City of Tallahassee had established a school for boys called the Florida Institute with the hope that the State could be induced to take it over as one of the seminaries, and in the 1854 session of the Legislature of Florida the City of Tallahassee presented a memorial asking that the institution west of the Suwannee be located in that city. That effort was not successful, but in 1856 the Intendant (Mayor) of Tallahassee again offered the Institute's land and building to the Legislature. Francis Eppes, who spent his formative years on the estate of his grandfather President Thomas Jefferson at Monticello in Virginia and shared his views of the importance to a democracy of a liberally educated citizenry, was the Mayor of Tallahassee who made the offer. This time they chose to accept the offer and designated Tallahassee as the site of one of the state seminaries because of its railway connections, its "salubrious climate," and its "intelligent, refined, and moral community." The bill to locate the Seminary in Tallahassee passed both houses and was signed by the Governor on January 1, 1857. On February 7, 1857, the first meeting of the Board of Education of the State Seminary West of the Suwannee River was held, and the institution began offering postsecondary instruction to male students. Francis Eppes served as President of the Seminary's Board of Education for eight years and instilled in the institution the Jeffersonian ideals which characterize it today. The school first became co-educational the following year (1858) when it absorbed the Tallahassee Female Academy, begun in 1843 as the Misses Bates School. Thus the West Florida Seminary, founded in 1851, began operating in 1857, only twelve years after Florida achieved statehood. It was located on the hill where the Westcott Building now stands, which has been the site of an institution of higher education longer than any other site in Florida.

Classes were held at the West Florida Seminary from 1857 until 1863, when the state legislature changed the name to The Florida Military and Collegiate Institute to reflect the addition of a military section which trained cadets. During the Civil War, cadets from the school, ranging in age from twelve to eighteen, fought in the Battle of Natural Bridge and helped make Tallahassee the only Confederate capitol east of the Mississippi not captured during the war. As a result of the brave action of the West Florida cadets in this battle, the Florida State University Army ROTC cadet corps today is one of only three in the nation authorized to display a battle streamer with its flag, which bears the words NATURAL BRIDGE 1865. After the end of the war in 1865, however, Union troops under General McCook descended upon Tallahassee and occupied the city (including campus buildings), remaining for more than a month.

Following the war, the institution entered a period of growth and development. In 1884 the first diplomas, Licentiate of Instruction, were awarded, and by 1891 the Institute had begun to focus clearly on what we would today call post-secondary education; seven Bachelor of Arts degrees were awarded that year. By 1897 the institution had evolved into the first liberal arts college in the state, and in 1901 it became Florida State College, a four-year institution organized in four departments: the College, the School for Teachers, the School of Music, and the College Academy. Florida State College was empowered to award the degree of Master of Arts, and the first master's degree was offered in 1902. That year the student body numbered 252 men and women, and degrees were available in classical, literary and scientific studies. In 1903 the first university library was begun. The following quote from the 1903 Florida State College Catalogue adds an interesting footnote to this period:

"In 1883 the institution, now long officially known as the West Florida Seminary, was organized by the Board of Education as The Literary College of the University of Florida. Owing to lack of means for the support of this more ambitious project, and also owing to the fact that soon thereafter schools for technical training were established, this association soon dissolved. It remains to be remarked, however, that the legislative act passed in 1885, bestowing upon the institution the title of the University of Florida, has never been repealed. The more pretentious name is not assumed by the college owing to the fact that it does not wish to misrepresent its resources and purposes."

In a 1905 reorganization of Florida's educational system by the Legislature, six state institutions of higher learning were consolidated into two when the University of Florida in Gainesville was established and designated a men's school and the Florida State College became a women's school called the Florida Female College. The male student body moved from Tallahassee to Gainesville, taking with it the fraternity system and the College football team, which had been state champions in 1902, 1903, and 1905. In 1909 the name of the college was changed to Florida State College for Women, an institution which grew to become the third largest women's college in the nation during the 1930's. The College became fully accredited in 1915, and a chapter of the National Honor Society of Phi Kappa Phi was installed in 1925, the year after the College was placed on the list of standard colleges and universities approved by the Association of American Universities and became a member of the Association of American Colleges. In 1935 the first chapter of Phi Beta Kappa in the state, Alpha Chapter of Florida, was installed at the College, a mark of its status as a true liberal arts college.

History of The Florida State University

The year 1947 saw many changes. Demand by returning World War II veterans had brought men back to the campus in 1946 with the establishment of the Tallahassee Branch of the University of Florida, and on May 15, 1947, the Governor signed an act of the Legislature returning Florida State College for Women to coeducational status and naming it The Florida State University. A permanent president's residence was acquired. The student body, numbering 4,056, chose a new alma mater and selected the Seminole as their mascot. The Flying High Circus was born, and football was started again when the first home game since 1905 was played in October. Three years later Campbell Stadium was built. The first Student Union was established and housed in the "O Club" on West Campus, a former Army Air Base which housed mainly male students and provided some classroom space three miles west of the main campus.

The 1950's brought further development and expansion to the University. To the colleges and schools which had existed since the Florida State College days (Arts and Sciences, Education, Home Economics, and Music) were added Library Science, Social Welfare (later split into Social Work and Criminology), Business, Journalism (discontinued in 1959), and Nursing. A student in the Department of Chemistry was awarded the University's first Ph.D. in 1952. A new building was completed for the Developmental Research School, which in 1905 had evolved from the High School and the College Academy of earlier days as the Observation and Practice School, created to provide on-site opportunities for experience and research to students in Education. Tully Gymnasium, Strozier Library, and the Business Building were completed to enhance the education of the ever-increasing student population.

In the 1960's the University acquired the Shaw Poetry Collection, established the institutes of Molecular Biophysics and Space Biosciences, and constructed nine new buildings, including the Oglesby Union and the Fine Arts Building. During this period, the Panama Canal Branch was opened, and the Program in Medical Sciences was established. The first black student enrolled in 1962, and the first black Ph.D. candidates graduated in 1970. Programs in African American Studies and Women's Studies were established. Continuing the liberal arts tradition begun in the 1890's, the Liberal Studies Program required of all undergraduates was expanded and strengthened.

Before 1887 the institution's chief executive officer had the title Principal, but this was changed to President with the appointment of George Edgar in 1887. He was followed by Alvin Lewis in 1892, and Dr. A. A. Murphree in 1897. Dr. Murphree, who came to the Seminary in 1896, became president of Florida Female College in 1905. When he left to become president of the University of Florida in 1909, Dr. Edward Conradi became president of Florida State College for Women. In 1941, Dr. Doak S. Campbell became president. When Dr. Campbell retired as president of The Florida State University on June 30, 1957, Dr. Albert B. Martin served as acting president until September 1, 1957, when Dr. Robert Strozier became president. At Dr. Strozier's death in April of 1960, Dr. Milton W. Carothers became acting president to serve until Dr. Gordon Blackwell took over the duties of president on September 16, 1960.

On February 1, 1965, Dr. John E. Champion became acting president replacing Dr. Gordon Blackwell, who resigned. Dr. Champion was named president on June 22, 1965; he resigned February 17, 1969, and Dr. J. Stanley Marshall was appointed acting president on the same date. On June 6, 1969, the Board of Regents named Dr. Marshall President; he resigned August 31, 1976. Dr. Bernard Francis Sliger became Interim President on Dr. Marshall's resignation, and on February 7, 1977, the Board of Regents named Dr. Sliger President. At the Fall Meeting of the General Faculty on September 18, 1990, the Dean of the Faculties read a statement on Dr. Sliger's behalf announcing his resignation as president effective August 1, 1991. On March 11, 1991, Dr. Dale W. Lick was designated to succeed Dr. Sliger as president on August 1, 1991. After Dr. Lick's resignation on August 31, 1993, Dr. Sliger was again named Interim President. On November 29, 1993, H. Talbot "Sandy" D'Alemberte was designated president effective January 3, 1994. He was succeeded by Dr. Thomas K. Wetherell on January 6, 2003. President Eric Barron took the position of 14th president on February 1, 2010.

In each succeeding decade, Florida State University has added to its academic organization and presently is comprised of sixteen independent colleges. It has expanded from the original few acres and buildings to 536 buildings on 1,568 acres, including the downtown Tallahassee main campus of 446 acres, a farm which for many decades supplied the Florida State College for Women with food, the Seminole Reservation--a recreational facility, the Coastal and Marine Laboratory on the Gulf Coast, the FAMU/FSU College of Engineering facility, the National High Magnetic Field Laboratory and Division of Research at Innovation Park, and the branch campus in Panama City, Florida. One hundred and sixty-one years after its founding, Florida State University started the 2012-2013 academic year with a student population of over 41,000 and recognition as a major graduate research institution with an established international reputation.

He represented Florida's 6th District from 1998 to 2006 in the Florida House of Representatives, where he was speaker from 2004 to 2006. A double alumnus, he holds a Bachelor of Science degree and an M.B.A. from Florida State. Mr. Bense is a member of numerous boards and councils, among them Gulf Power Company, Enterprise Florida, the Florida Council of 100, and the Bay County Economic Development Alliance. He is chairman of the board of the Florida Chamber of Commerce and the James Madison Institute as well as the Bense Family Foundation.

Susie Busch-Transou (Vice Chair), of Tallahassee, is co-owner and Vice President of Tri-Eagle Sales. Prior to her work with Anheuser-Busch, she held internships at DDB Needham Worldwide in Chicago and Fleishman-Hillard in Washington, D.C. Ms. Busch-Transou currently serves on the Board of the United Way of the Big Bend. She also serves on the Advisory Board of the FSU Career Center. Transou received her bachelor's degree in public policy from Duke University, and a master's degree in business from the J.L. Kellogg Graduate School of Management at Northwestern University in Evanston, Ill.

Edward Burr, of Jacksonville, is president and chief executive officer of GreenPointe Holdings, LLC, a diversified holding company he founded in 2008. After graduating from FSU College of Business with a B. S. in Accounting in 1979, he began his career with Coopers & Lybrand LLP. He founded the LandMar Group LLC in 1987 and led the company's creation of master-planned, award-winning communities in Florida and coastal Georgia. Mr. Burr also co-founded Hampton Golf & Lifestyles Management. He has served on Board of Trustees of the FSU Foundation, the board of the Seminole Boosters and the Executive Board of the FSU Center for Real Estate Education and Research in the College of Business.

Joseph Camps, of Tallahassee, graduated with a bachelor's degree in biology from Florida State University in 1978. During his FSU years, he led the Florida State Seminoles as captain of the football team. He received his medical degree from the University of Florida College of Medicine in 1982. Dr. Camps has been practicing urology in Tallahassee since 1990. Having served in many leadership positions, he is currently chair of the Board of Directors at Tallahassee Memorial Hospital. Dr. Camps is a member of the Board of Directors of Premier Bank. He has been honored with the FSU Circle of Gold and the FSU Golden Torch. Dr. Camps has received the Moore-Stone award and was inducted into the FSU Hall of Fame.

Emily Fleming Duda, of Oviedo, is an active member of the FSU Booster Club board, serving five years on the board's executive committee. She was awarded the Godfrey Smith Award for Outstanding Service to the board in 2000. Ms. Duda also served on the board of directors of the Florida Leadership Program for Agriculture and Natural Resources, which is administered through the University of Florida Institute for Food and Agricultural Sciences.

Joseph Gruters, of Bradenton, is an accountant with Shinn and Company LLC in Bradenton and the chairman of the Republican Party of Sarasota. In addition, he is the immediate past chairman of the Sarasota County Planning Commission. He serves as a member of the board of the Humane Society of Sarasota County and the Florida Sports Foundation. Gruters holds a Bachelor of Science degree from Florida State and an M.B.A. from the University of South Florida.

Wm. Andrew Haggard, of Coral Gables, has been senior partner for the Haggard Parks Haggard & Bologna, P.A. law firm since 1995. He has been a member of the Florida Bar in good standing since 1967. He is a Fellow and previous Chairman of the State Chair Committee of the prestigious International Academy of Trial Lawyers. He is a member and 1998 National Chairman of the Board of the FSU Seminole Boosters; Chairman of FSU College of Arts & Sciences Leadership Counsel and served on the 1993 Presidential Search Committee. Mr. Haggard received his Bachelor's Degree from Florida State University in 1964, and his law degree from Mercer University in 1967.

Mark Hillis, of Winter Park, earned a bachelor's degree from the FSU College of Business in 1964 and a J.D. from the Woodrow Wilson College of Law. He served for 33 years as first vice president for SunTrust Bank in Atlanta. He is a retired major from the U.S. Marine Corps. Mr. Hillis has served on the FSU College of Business Board of Governors since 1989. Since 2003, he has served on the College of Business Real Estate Executive Advisory Board. A lifetime member, he served on the Alumni Association Board of Directors from 1993 to 2002. From 1995 to 2008 he was a member of the FSU Foundation Board of Trustees.

Leslie Pantin, of Miami, is serving his second term on the FSU Board of Trustees. He is the current president of Pantin/Beber Silverstein Public Relations. In 2006, former Florida Gov. Jeb Bush appointed Pantin to a five-year term on the FSU Board of Trustees, where he served as chair of the Student Affairs Committee. In addition, Pantin has served on the FSU Alumni Association Board of Directors, the FSU Foundation Board of Directors and the Seminole Boosters Board of Directors. Pantin, who earned a bachelor's degree from Florida State in 1970, is the father of two FSU graduates. He is the recipient of several FSU Alumni Association awards, including the Bernard F. Sliger Award and the "Circle of Gold" award.

Margaret A. "Peggy" Rolando, of Coral Gables, has been a partner in Shutts & Bowen's real estate department since 1984. Faculty Senate

The nature of faculty involvement in the governance system of the Florida State University is set forth in the Constitution of the university, which designates the Faculty Senate as the basic legislative body of the institution. This structure has been in place since May, 1931, when an amendment to the institution's constitution establishing the Senate was adopted by the general faculty and approved by the Board of Control of the state. A number of major amendments have been made since that time relating to elections, committees and other matters. Prior to 1974 the President of the university was the presiding officer of the Senate, but an amendment that year changed the procedure to stipulate that the Senate elect annually its own President from the elected Senators comprising the body.

The Faculty Senate is composed of at least one elected representative from each college and school and one representative each from the Librarians and the Developmental Research School. Except for the two latter representatives, only full-time instructors, assistant professors, associate professors, and professors are eligible for representation in and election to the Senate. Senators serve two-year terms which begin at the April meeting of the Senate, at which time the President of the Senate is elected. The Steering Committee is composed of seven members elected by the voting members of the Senate to staggered two-year terms; the President of the Senate serves as chair of the committee.

The Faculty Senate formulates measures for maintaining a comprehensive educational policy and for maximum use of the University's intellectual resources. It determines and defines University-wide policies on academic matters, including Liberal Studies policy, admission, grading standards, and requirements for the awarding of degrees. The Senate may also formulate opinions on any subject of interest to the University and adopt resolutions thereon.

Tallahassee/Leon County, Florida

Brief History of the State of Florida and the City of Tallahassee

Thousands of years of Native American occupancy preceded the European discovery of the Florida peninsula. An estimated 100,000 Native Americans were living here at the time of its discovery by Juan Ponce de Leon in early 1513. As Ponce de Leon's arrival coincided with the Spring Pascua Florida festivities in Spain, he named the new land "Florida," which meant "filled with flowers." La Florida was also explored by another Spanish adventurer – Hernando de Soto. It is believed that de Soto and his army of over 600 men spent the winter of 1539-40 in an abandoned Apalachee Indian village located in what is now the city of Tallahassee.

Prior to 1821, Florida had consisted of two Spanish colonies that were ceded to Great Britain in the settlement of the Seven Years' War (1756-1763). In 1821 President James Monroe appointed Andrew Jackson as territorial governor. One of the new governor's first acts was to organize the territory into two counties, Escambia and St. Johns, with the Suwannee River serving as the dividing line. (In 1822, two more counties were added – Duval in the east and Jackson in the west). The legislative council met at Pensacola, the capital of West Florida, in 1822, and at St. Augustine, the capital of East Florida, in 1823. As these two chief settlements of the territory were separated by 400 miles of wilderness, it was desirable to select a central site as a capital. Two commissioners appointed by Governor William Pope Duval selected the then uninhabited area known as Tallahassee as the site for the permanent capital and the governor proclaimed it the capital on March 4, 1824. The territorial council met there for the first time in November of that year. Tallahassee had been the site of Indian settlements prior to and during the Colonial Era. Its name is a Creek Indian phrase generally believed to mean "old town" or "old fields." Florida was admitted to the union as the twenty-seventh state on March 3, 1845.

* Allowable exclusions for FTIC students include those who left to serve in the military, or any members of the original cohort who are deceased or permanently disabled

Note: The fall cohort consists of full-time, FTIC students from the fall semester and the previous summer who continue into the fall. Students are followed through the end of summer so that each year begins with fall and ends with summer semester. The number re-enrolled is the number of students from the original fall cohort that were enrolled in the fall, spring or summer semester of the year indicated. The percent graduated is cumulative. Retention includes the number who re-enrolled plus the graduates of previous years.

Panama City Campus Student Headcount Enrollment, Fall Semesters

The Panama City Campus of The Florida State University began operations in 1967 when three universities started offering courses to area students. The University of West Florida was assigned to administer the campus in 1971, and that administrative responsibility was transferred to The Florida State University in July, 1982. The Bay County Commission donated a 26 acre waterfront site for constructing new campus facilities to replace buildings loaned by the Bay County School Board and Gulf Coast Community College. Construction of the new campus facilities began in 1983, and the new buildings were ready for use during the 1987 spring semester. The Holley Academic Center opened in spring 2009 and includes 10 teaching laboratories.

The Florida State University's newest college, the College of Applied Studies, makes its home at the Florida State University Panama City campus. The College of Applied Studies was established to enable Florida State University Panama City to respond to the educational needs of the citizens of Northwest Florida and beyond.

Students enrolled at the Panama City campus are served by a 30 full-time faculty, plus additional faculty who travel from the Tallahassee campus (<http://www.pc.fsu.edu/Faculty/Directory>). Area students are offered many of the same courses and structure, content, and expertise available to Tallahassee campus students.

Eppes, Daisy Parker Flory and McKenzie Professors

Eppes Professors

The Eppes professorship is named after Francis Eppes, the grandson of President Thomas Jefferson, who played a vital role in convincing the Florida Legislature to locate The Seminary West of the Suwannee, FSU's institutional predecessor, in Tallahassee. Over and above professors holding the university's Eminent Scholar chairs, the Francis Eppes Professorship is the ultimate honor, given to a few professors who are ranked at the very top of their field, who portray genuine leadership qualities and who are committed role models for their students. The Eppes professors are often deemed "Super Professors" because of the high quality of their character, vision and intellect.

Robert O. Lawton Distinguished Professors

The Robert O. Lawton Distinguished Professor award is the highest honor faculty can bestow on a colleague. This award was first presented in 1957-58 and was known as the Distinguished Professor award until 1981 when it was renamed in honor of the late Vice President for Academic Affairs Robert O. Lawton. At that time past recipients also were designated Lawton Distinguished Professors.

Institutes & Research Centers

Institutes and Research Centers are entities proposed by universities, the Legislature, or the Florida Board of Education (FBOE); approved by the Board of Governors (BOG) and/or the Chancellor or a university president (depending on the type of institute/center); and established by the universities for the purpose of coordinating intra- and/or inter-institutional research, service, and training activities that supplement and extend existing departmental instruction, research, and service programs. In some instances, institutes/centers are established by law, in which case they operate in accordance not only with State University System policies, rules, and procedures, but also with state statute. The institutes and centers, along with their directors, are listed below. This list is accurate as of May 2013.

Florida State University Buildings - Some Facts

BUILDINGS OF FLORIDA STATE UNIVERSITY SOME HISTORY, SOME FACTS, SOME DESCRIPTIONS

Many buildings on campus remain today from the pre-Florida State University era, however none are still standing from the nineteenth century. The current university is built from a core of buildings that remain from the years of the Florida State College for Women. The oldest building on campus, Bryan Hall, was built during the days of the Florida Female College, immediately prior to the FSCW designation. A current campus map depicting all campus buildings is available in the appendix of this book.

BRYAN HALL

Bryan Hall, the oldest existing structure on the Florida State University campus, was originally built in 1908 and named in honor of United States Senator William James Bryan. The building served as a residence hall until 1969 when a fire in the Westcott Building forced administrators to seek office space in Bryan Hall. Although some offices later returned to Westcott, others remained until the construction of the University Center made the hall available for restoration as a residence hall. The two-year renovation project was completed in January 1997 and the building was opened again as a residence hall in August 1997.

WESTCOTT BUILDING

The Westcott Building and Westcott Auditorium were constructed in 1909 and occupied in 1911. Westcott was known as the Administration Building until 1936 when it was officially named the James D. Westcott, Jr. Memorial Building by the Board of Control, the governing body of higher education in Florida at the time. James D. Westcott, Jr. was born in Tallahassee in 1893 and served the State of Florida as Attorney General and as a Supreme Court Justice. The Westcott Building burned in 1969 and when it was renovated, the fourth floor, previously an attic, was added as regular office space. In 1971, the Westcott Auditorium was named the Ruby Diamond Auditorium after Miss Ruby Diamond who attended Florida State College for Women and later became a benefactor of the University. In 2008, the auditorium was closed for renovation. It reopened in October of 2010 as the Ruby Diamond Concert Hall.

REYNOLDS HALL

Reynolds Hall was constructed in 1913 and named for Melissa E. Cochrane Reynolds, the first Lady Principal of The Florida State College for Women. Reynolds Hall was one of five historic residence halls to be renovated in a multi-million dollar project. During the renovation, the historical and esthetic value of the building was preserved, in addition to providing up-to-date comfort and safety for students. Reynolds reopened in 1996 as a residence hall.

WILLIAM JOHNSTON BUILDING

Constructed in 1913, for over 60 years this building was known as the Dining Hall. When first constructed, it housed all the food operations including a bakery, creamery, and cannery. The eastern portion of the building, called the Suwannee Arcade, was the informal dining facility, while the western portion of the building contained two grand formal dining rooms with the President's private dining area above and between. At one time, all the dormitories and the infirmary were connected to the dining hall by a series of arcades, making it possible for students to reach the dining facilities and avoid any inclement weather. The Suwannee Arcade was restored and reopened in Spring 2006 as a student dining facility. The west wing of the Johnston Building was renovated and reopened in fall 2011. The building was named in the early 1980s for William H. Johnston.

BROWARD HALL

Broward Hall was constructed in 1917 and is one of the oldest residence halls on campus. It was named for Napoleon Bonaparte Broward, the 19th governor of Florida from 1905 to 1909, during whose term the Buckman Act reorganized higher education in the state and designated the Tallahassee school as the Florida State College for Women. Broward Hall was reopened in August 1998 as a coeducational hall after being closed for two years of renovation.

FRANCIS EPPES HALL

This building was constructed in 1918 and is one of the last remaining classroom buildings on campus from the pre-FSU era. It was known simply as the Psychology Building until the university's sesquicentennial celebration in 2001, when it was named in honor of Francis Eppes. Eppes, a seven-term Tallahassee mayor and grandson of U.S. President Thomas Jefferson, led the effort to locate the Seminary West of the Suwannee River, the forerunner of FSU, in Tallahassee. Once the school opened, Eppes served 11 years on the school's board of directors, including eight years as president of the board. In 2008, the Psychology Department moved to its new building.

REGIONAL REHABILITATION CENTER

This building was originally constructed in 1919 as the College Infirmary. As the College and Tallahassee grew, its role changed from student hospital to campus clinic, and today is remembered as the Clinic Building. In 1966, a new student health center was built and the Clinic was given to various departments for use as office space. In the mid-1970s, the building was renovated, and the back half of the building, with its connecting arcade, was demolished. In June of 2012, the Regional Rehabilitation Center was demolished and will be replaced in Fall of 2013 by the Honors, Scholars, and Fellows House.

Florida State University Buildings - Some Facts

JENNIE MURPHREE HALL

This building was constructed in 1921. It was closed in 1991 for renovation, and reopened as a women's dormitory in 1993. The hall was named for Mrs. Jennie Murphree, a native of Tallahassee and the wife of Albert A. Murphree, the first president of Florida Female College. Today, the beauty of the Jacobean Revival architecture remains intact while the interior boasts state-of-the-art systems.

DODD HALL

Dodd Hall was constructed in 1923. It was the library for FSCW and then FSU until 1956 when a new modern library was constructed. It is named for William George Dodd who joined the faculty of Florida State College for Women in 1910, became the head of the Department of English and went on to serve as the Dean of the College of Arts and Sciences for Florida State University. In 1982 the main library portion of the building was renovated and named the Pepper Library in honor of Claude and Mildred Pepper. The library has since been relocated to the Claude Pepper Center, and replaced by the Werkmeister Reading Room. In 1993, the Dodd Hall Auditorium was added to the building. Inscribed over the entrance to Dodd Hall in gold letters is "The Half of Knowledge, is to Know Where to Find Knowledge."

GILCHRIST HALL

Gilchrist Hall was constructed in 1928 and named after Albert Waller Gilchrist, the 20th governor of Florida, who gave unwavering support to the Florida State College for Women as a state agency. Its gabled terra cotta roof, Gothic stonework and gently curved entrance clearly recall medieval monastic architecture. This collection is reflected in the hall's main lounge, which features an intricately carved fireplace, dark multi-toned tile flooring and grapevine motif doorway moldings. In August, 1998, Gilchrist reopened as a coeducational hall, after being closed for two years of renovation.

WILLIAMS BUILDING

This building was constructed in 1926. It was known as the History Building until 1963 when it was named in honor of Arthur Williams. Dr. Williams, historian and Bible scholar, was the only vice president that Florida State College for Women ever had. Conradi Auditorium, located in a wing of this building, is named for Augusta Conradi, wife of Dr. Edward Conradi who served as President of Florida State College for Women for 32 years. In 2001, extensive renovation of the Williams Building was completed. While the renovation resolved many of the building's notable design quirks, its historical appearance was maintained.

MONTGOMERY GYM

This building, constructed in 1938 as the physical education facility of Florida State College for Women, contains a heated indoor swimming pool, basketball court, and at the time of its completion, a bowling alley. The facility has been the home of the synchronized swimming team, The Tarpons, since its beginning. The bowling alley no longer exists but the pool, renovated in the mid-1980s, still is in operation. The building was named for Dr. Katherine Williams Montgomery, Miss Katie, as she was known to all, a 1918 graduate of FSCW. In 1920 she became an instructor of Physical Education at the College and in 1923 was named director of Physical Education. Dr. Montgomery died on October 1, 1958-the day she was to have retired officially from her duties at the Florida State University. In early 2004, major renovations to Montgomery Gym were completed.

LONGMIRE BUILDING

This building was constructed in 1938 and was known for many years as the Alumni Building. It was originally constructed as a dormitory/hotel for visitors and returning alumni. The building had a working kitchen in the basement, with a large dining room and small parlor. The large dining room and parlor were used as reception rooms by the Alumni Association. The building was named for Miss Rowena Longmire. Miss Longmire was an English professor and also served as faculty advisor to the Alumni Association of FSCW, and in 1917 was president of the Alumni Association.

LANDIS HALL

Landis Hall was completed in 1939 and was originally designated as a Seniors Hall. The building later became a coed facility. Landis Hall was named for Cary D. Landis, who was an Attorney General during the 1930s. The dormitory was renovated and reopened in fall 2006. Landis Hall sits at the south end of the courtyard known as Landis Green, with Strozier Library situated at the other end. Landis Hall is home to the FSU Honors Community. To celebrate Heritage Day in 2005, the Landis Green Legacy Fountain was unveiled. The fountain commemorates the history of the university with three sculptures representing the era between 1915-1947 and three depicting present day life on campus.

University Libraries

University Libraries provides collections, resources and services to enhance the learning, teaching, research, and service activities of the Florida State University. In support of this mission the libraries' collection includes about 3.0 million volumes. For those researchers unable to visit the libraries, the web site offers access to more than 778 databases and 80,000 e-journals from anywhere in the world. Materials not available online or at the libraries may be requested through interlibrary loan or through the new statewide UBorrow system, offering FSU faculty and students delivery of over 15 million books from all state university libraries.

With almost 2 million visitors each year, Strozier Library, FSU's largest library, is open 134 hours each week, providing around the clock research assistance and study spaces. Strozier and Dirac Libraries offer free academic tutoring and a robust range of academic support services and programming throughout the day and late into the night. Students and faculty have a choice of learning spaces, from the Scholars Commons' quiet Reading Room, to the 24-hour coffee shop to the buzz of the Undergraduate Commons. Library faculty also offer classes and consultations to teach critical research and thinking skills. For those researchers unable to visit the libraries, online research services are available, and the library staff offers outreach to dormitories and buildings across campus.

The FSU Libraries include 8 libraries on campus. The Robert Manning Strozier Library, Paul A. M. Dirac Science Library, Mildred and Claude Pepper Library, Warren Allen Music Library, Harold Goldstein Library and Information Studies Library, College of Law Library, College of Medicine Medical Library, and the College of Engineering Library. Library materials and services are also available at the FSU Panama City Campus, as well as International Programs study centers in London, Florence, and Panama, and a collection of art and related materials at the John and Mable Ringling Museum of Art in Sarasota, Florida.

Center for Academic and Professional Development (CAPD)

The Center for Academic & Professional Development (CAPD) is the continuing education and academic program outreach entity for the campus, the community, and non-traditional students. Housed in the new Florida State Conference Center, the experienced staff of CAPD support a variety of learning opportunities as they provide services to colleges, departments, and students on campus and online.

E-learning and Professional Development

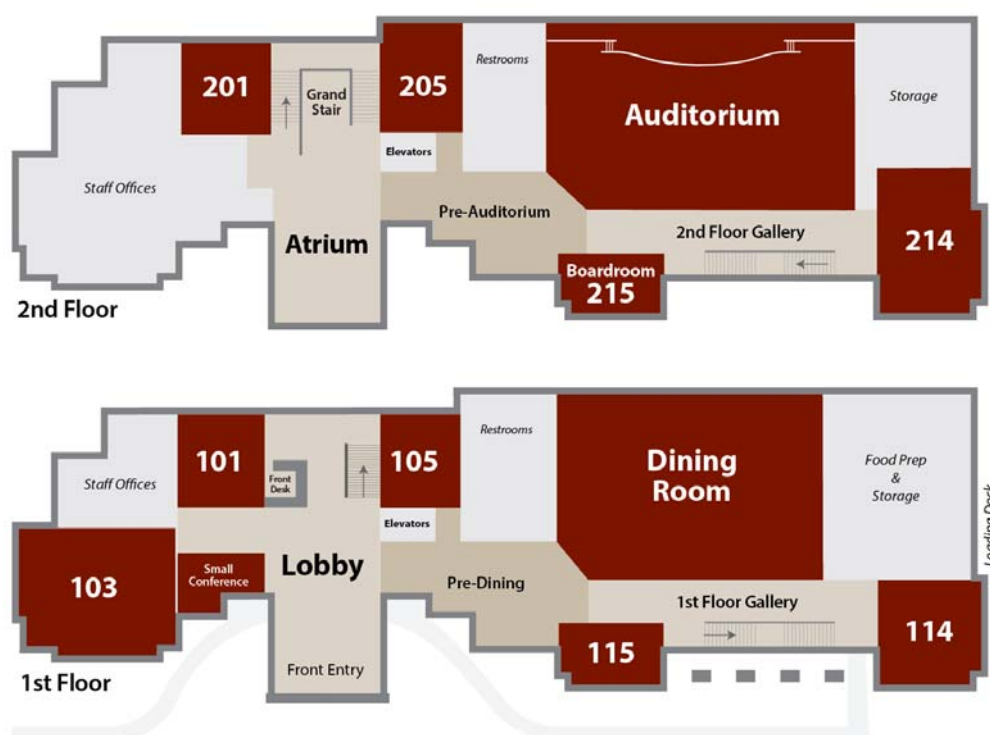

CAPD promotes e-learning and professional development for those who are required to take Continuing Education courses to maintain their licenses. Others need additional skills, particularly technology related, to stay competitive. The Center offers workshops and online courses tailored to provide the skills necessary to be successful in today's work environment, including Webmaster Certification and Certificate in Financial Planning. These courses are instructor-led and offer an online interactive experience. CAPD offers face-to-face courses, such as Test Prep Classes for the GMAT, GRE and LSAT.

Academic Programs

CAPD provides academic credit courses, including part-time degree and certificate programs, for the non-traditional student and continues to identify and develop new course offerings to support lifelong learners pursuing new job skills to stay competitive. Courses are offered on campus and at a distance. Special courses and teacher institutes are held each summer, including The FSU Holocaust Institute for Educators, the Orff-Schulwerk Music Teacher Education Course, and the Art Therapy Program. CAPD also coordinates returning student scholarships for students 23 years of age or older and administers summer camps for college departments.

Conferencing

Center event coordinators assist clients with on-site events and can host small meetings to large international conferences in The Florida State Conference Center located at 555 West Pensacola Street, adjacent to FSU's five-story St. Augustine parking garage. The Center is approximately 47,000 square feet, featuring a gothic brick exterior and three floors that house a large auditorium, a 280-seat dining room, an atrium, eight breakout rooms, an executive boardroom, food preparation facilities, and administrative offices. The FSU Conference Center employs the latest presentation and communication technology, including three video walls, LCD screens and live webcasting to enhance attendees' experiences. Office of Financial Aid

The FSU Office of Financial Aid exists to assist students with securing federal, state and institutional financial aid to achieve their degree. Each year, the FSU Office of Financial Aid awards and administers more than 280 million dollars in financial aid to eligible students. Students receive aid in the form of scholarships, grants, work study, and loans -- funds that help them to focus on their education and complete their degree so that they can go into the world with purpose.

Types of Aid Available:

Loans:

Direct Subsidized Stafford Loans
Direct Unsubsidized Stafford Loans
Direct PLUS Loans
Federal Perkins Loans

Need-based Scholarships and Grants:

Federal Pell
SEOG
State scholarships/grants
Private scholarships
College/university scholarship or grant aid

In order to award aid, a school must first establish an estimated cost of attendance. This includes fixed amounts, such as tuition and fees, as well as amounts that must be estimated such as room, board, books, transportation, and personal expenses.

Need-based aid, such as Federal Grants, Work-Study, Federal Loans, State Grants and University Grants can be awarded up to the amount of need established through the federal formula. Loans such as the Federal Unsubsidized Stafford Loan and the Parent Loan for Undergraduate Students (PLUS) or Graduate PLUS loan can be awarded beyond the calculated need, up to the amount of the cost of attendance. The total of all aid awarded cannot exceed the cost of attendance as established by the school.

The budgets below are approximate and represent two semesters (fall 2013 and spring 2014) of regular study (15 credits per semester) at the main campus. The actual budgets used to award aid may vary slightly to comply with any regulatory changes that are made after initial estimation. These budgets are for the purpose of awarding financial aid, and may not represent the actual cost for each individual student, as enrollment and lifestyle choices will impact actual expenses. The tuition differential fee applies to all undergraduate students who begin enrollment after July 2007 (exception - students who have Florida Pre-Paid Tuition plan active as of 7/1/2007).

Estimated Undergraduate Costs for 2013-14 Academic Year Florida Residents

| | On/Off Campus | Living with Parents |
|--------------------------|------------------|------------------------|
| Tuition/Fees | \$4,916 | \$4,916 |
| Differential Tuition Fee | \$1,488 | \$1,488 |

Florida State University Ensembles

Bands:

Florida State Winds This graduate student wind ensemble with flexible instrumentation performs large chamber works and also features guest soloists. The group tours and performs on and off campus at conferences and special events.

Campus Band The Campus Band is open to all students with interest and experience. It meets weekly during both semesters, responding to students' interests and abilities while rehearsing and performing a wide and diverse literature.

Concert Band The Concert Band is devoted to the rehearsal, study, and performance of important band literature.

Marching Chiefs The Marching Chiefs is a marching band of approximately 450 students that performs at all home football games and traditionally travels to two or three out-of-town games during the football season.

Chiefly Brass Chiefly Brass is a 60-member basketball pep band and spirit group.

Wind Symphony The Wind Symphony meets during the fall semester and is composed of upper level and graduate personnel. The Wind Symphony performs in tandem with the Symphonic Band.

Symphonic Band Although made up essentially of music majors, the Symphonic Band is open to all university students by comprehensive auditions. Two performances are scheduled each semester in addition to tours and frequent appearances at national conventions or conferences.

Harmonie Harmonie is composed of undergraduate students who are interested in the study and performance of chamber music.

Wind Orchestra The Wind Orchestra engages in professional level study of wind literature important to contemporary performing practices.

Choral:

Chamber Choir The Chamber Choir is a highly select group of graduate and upper level undergraduate students performing repertoire particularly suitable for a 24- to 32-voice mixed choir both accompanied and a cappella.

Choral Union The Choral Union is open to any student enrolled in the University who wishes to sing. Both accompanied and a cappella selections are included in its repertoire. Public concerts are presented throughout the year.

Madrigal Singers The Madrigal group is composed of approximately 12 to 15 members chosen from the University Singers. The Madrigal Singers perform for various organizations within Tallahassee and the surrounding area during the Christmas season.

Men's Chorus The Collegians, the FSU men's glee club, is open to students enrolled in the University. Public concerts are presented throughout the year, including off-campus performances.

University Singers The University Singers is a select group of primarily undergraduate music majors. Their activities include public concerts, both on and off campus, as well as frequent tours and performances at professional conferences.

University Chorale/Tallahassee Community Chorus This ensemble is a large mixed ensemble that specializes in the music written for a large chorus and orchestra. The chorus is open to all students and the general public.

Women's Glee Club The FSU Women's Glee Club is open to students enrolled in the University. Public concerts are presented throughout the year, including off-campus performances.

Orchestras:

University Symphony The University Symphony Orchestra consists of 100-plus members who perform the standard symphonic repertoire in a series of six concerts in Tallahassee and on tours both within Florida and throughout the Southeast.

University Philharmonia Membership in the University Philharmonia includes first- and second-year string students and is open to all other instrumentalists through competitive auditions.

Chamber Orchestra The Chamber Orchestra is a select organization of faculty members and the most advanced graduate and upper-level undergraduate students. Two concerts are presented yearly, both of which utilize College of Music faculty members as soloists.

Opera Orchestras Opera Orchestras are formed for the three fully staged operas that are presented each year.

Jazz Ensembles:

Jazz Ensembles The College of Music has three large performing Jazz Ensembles. The top FSU Jazz Ensemble is a nationally acclaimed ensemble drawn from a select group of graduate and undergraduate students, many majoring in Jazz Studies.

The Jazz/Pop Ensembles The College of Music Jazz/Pop Vocal Ensemble performs in a variety of settings, and emphasis is placed on comprehensive use of musical and stage skills which culminate in dynamic public performances of jazz and popular vocal music.

Chamber Music (Jazz Combos) Small jazz ensembles historically have ranged from traditional New Orleans-style ensembles to modern or contemporary jazz ensembles. These ensembles are featured in a variety of performances that members and faculty schedule.

Other Ensembles:

Chamber Music Various chamber ensembles are organized throughout the year for musicians involved in performing chamber literature.

Opera The FSU Opera presents fully staged productions, featuring students in principal roles, chorus, orchestra, and technical support.

Early Music Ensembles Approximately twelve ensembles that specialize in music written before 1650.

Music Theatre A joint program of the College of Music & School of Theatre to produce a major musical each fall among other performances.

Special Ensembles A wide variety of chamber groups and special ensembles offer students additional opportunities to perform.

Florida State University Flying High Circus

There has been an FSU Flying High Circus for almost as long as there has been a Florida State University. When the Florida State College for Women went coeducational in 1947, one of the new faculty members was Jack Haskin. As a high school coach in Pontiac, Illinois, Haskin had staged student gymnastic exhibitions. He wanted to start an activity at the new university which would allow men and women to participate together. His idea was the circus.

The Flying High Circus is a self-supporting activity. No student activity fees, tuition payments, university or state funds go towards circus activities. Unlike many other athletic endeavors, the students receive no tuition waivers or university scholarships for their long hours of practice for the nationally famous shows that bring credit to FSU.

The acts in the Flying High Circus have evolved from "circus activity" to "circus professionalism." Performances are often of such high caliber that professional contracts are sometimes offered to student performers, especially on the flying trapeze. In the circus, you will see tricks attempted and completed that are more difficult than many you would see in other American or European circuses. Examples include the triple somersault on the flying trapeze (accomplished by two performers at FSU), the seven man pyramid on the high wire (which has only been performed by two other groups), double back somersaults on the skypole and many more. Some acts are unique to the FSU Circus or are rarely done elsewhere such as triple aerial high casting and three-lane breakaway. Other acts are traditional circus classics. There are no animal acts in the Circus.

Few of the student performers had any previous circus training before coming to Florida State, although some have had related training such as springboard diving or gymnastics. Many receive their first introduction to the circus through the one-hour course on circus activities offered for credit by the university, but more enter the circus as a result of personal contact with other circus members. Training for the various acts is provided by one full-time coach, a member of the FSU Circus as a student, and a staff of paid and volunteer student assistants. Different acts are added to the show or removed from the show as performers with particular strengths and talents join the circus, learn new acts and different tricks, and then graduate. No two shows are alike.

A significant difference from professional circuses is the use of safety nets and safety lines. These will not help a performer complete a trick, but they do provide an extra margin of security for the student performers. The FSU Circus emphasizes the performances, not the risks. An additional measure of safety is provided by having the students do all the rigging. Since the performers rig their own acts in practice, they become more aware of the importance of correct rigging since they will be working on equipment that they have set up. Because of these safety features, the use of progressive learning techniques, and the high caliber of the students involved, the Flying High Circus maintains a high reputation for safety.

And, yes, they really do it "just for fun." Only one semester hour of credit for the circus activities course can be earned by an undergraduate on a one-time basis and many performers have never taken the course. The participants work on their own time practicing at the circus lot after classes or working on conditioning or juggling skills at home in the evenings and on the weekends. In addition, they must maintain a "C" average to appear in the home shows on campus and "C+" average to travel on the road shows, far above that required for other athletic endeavors. Yes, grades are not a problem; their collective average has always been one of the highest for students in any extracurricular activity in the University, even though many of the students are in demanding fields such as pre-medicine, nursing, computer science and accounting.

Glossary of Terms

Academic Year - Usually, consecutive fall and spring semesters, currently August through April; sometimes, however, summer semester is included in the term "academic year." In Florida, the summer term precedes fall and spring semesters in the school year.

Administrative and Professional (A&P) - A pay plan for middle and upper level administrative and professional positions. This pay plan category combines administrative employees, who are responsible for formulating, interpreting and implementing policies that affect the activities of the University, with professional employees, whose responsibilities are on a recognized level of comparability with the instruction and research personnel of the University.

Articulation Agreement - The articulation agreement between all 28 Florida junior/community colleges and the eleven state universities enables students to complete an associate in arts degree at any Florida community college and be admitted automatically into available upper division programs for the last two years of course work at any of the eleven state universities.

Board of Education, State - Board consisting of the Commissioner of Education and seven appointed members. This Board oversees Florida's education from kindergarten through graduate school (K-20) and the 13-member Boards of Trustees for each of the 11 public universities. See page 9 for a complete list of the board members.

Board of Governors, Florida - A 17-member board which coordinates the State University System and supports the role of the 11 individual University Boards of Trustees. The Florida Board of Governors is composed of 14 appointed members, the Commissioner of Education, the Chair of the Advisory Council of Faculty Senates, and the President of the Florida Student Association. See page 9 of this Fact Book for a complete list of the board members. More information can be found online at: fbog.org

Board of Trustees, Florida State University - A 13-member board which governs Florida State University. It is composed of 12 appointed members and FSU's student body president. The trustees are appointed by the Governor, subject to confirmation by the Senate, and serve for staggered four-year terms. The board of trustees performs duties as assigned by law or by rule of the Florida Board of Education. See page 8 for a complete list and brief biography of the board members. More information can be found online at: trustees.fsu.edu

CIP (Classification of Instructional Programs) Discipline Code - These codes represent a nationally used, common taxonomy for the classification of higher education degree programs. The CIP classification describes content of the programs at three levels with each providing varying levels of detail. A directory of the CIP codes can be found online at: nces.ed.gov/pubs2002/cip2000/

Common Course Numbering System - Developed in 1978, the common course numbering system is a statewide system of prefixes and numbers for courses offered by all postsecondary and participating private institutions in Florida. Its purpose is to make transferring easier by identifying equivalent courses, all of which carry the same prefix and last three digits; the title of the course may vary at different institutions.

Contracts and Grants (C&G) Budget - A budget entity which deals primarily with sponsored research activities and federally-funded educational grants. Also called Sponsored Research budget.

Credit Hour - College credit is the type of credit assigned to courses or course equivalent learning that is part of an organized and specified program leading to a graduate, baccalaureate, or associate degree. One (1) college credit is based on the learning expected from the equivalent of fifteen (15) fifty-minute periods of classroom instruction. Credits for such things as laboratory instruction, internships, and clinical experience are determined by the institution based on the proportion of direct instruction to the laboratory exercise, internship hours, clinical practice hours (Source: 6A-10.033 (1)(a), FAC).

Educational and General (E&G) Budget - A budget entity which provides instructional programs leading to formal degrees, and for research and public service programs.

Faculty Assignments, Commitments, and Effort Certification Tracking (FACET) - System for tracking how an employee spent his/her paid university time during the period on each major academic function/activity. Reporting is on a basis of 100% of total time (in whole numbers), and portions of that time, regardless of the level of funded semester or monthly FTE.

Faculty - This category includes all individuals in the educational program who hold the title of Professor, Associate Professor, Assistant Professor, and Instructor, including those with titles preceded by the term "visiting," "adjunct," "clinical," or any other designation. The collective bargaining agreement currently in force includes in the faculty population all Developmental Research School (university lab school) personnel, all University Librarian classifications, staff physicists, and the President.

Fiscal Year - A 12-month period running from July 1 through the following June 30.

Florida Endowment Trust Fund for Eminent Scholars - The Trust Fund established in the State Treasury for Eminent Scholars provides the opportunity for each state university to match and receive challenge grants to create endowments for selected eminent scholars to occupy Chairs within the university.

Glossary of Terms

FTIC (first-time-in-college) - An entering freshman, or a first-year student attending for the first time at the undergraduate level. Includes students enrolled in the fall term who attended college for the first time in the prior summer term. Also includes students who entered with advanced standing (college credits earned before graduation from high school).

Full-time Equivalent (FTE) Student Calculation Factors - Under the semester system, the factors for calculating the number of student FTE's generated are as follows:

| Fall and Spring Terms: | 15 undergraduate student credit hours equal 1 FTE; 12 graduate student credit hours equal 1 FTE. |
| Summer Term: | 10 undergraduate student credit hours equal 1 FTE; 8 graduate student credit hours equal 1 FTE. |

Full-Time Equivalent (FTE) Employee - A numerical designator for an appointment based on 100% for full time. An FTE for a full-time employee is 1.00. (Two people each serving in half-time faculty positions would equal, together, one FTE position.)

Full-Time Equivalent (FTE) Student - A measure of student enrollment based on the number of student credit hours for which students enroll. See definition of *Full-time Equivalent FTE Student Calculation Factors* for other FTE equivalencies.

Full-Time Filled Position - A position in which a person or persons are appointed at a total FTE of 1.00.

Full-Time Student - Generally classified as an undergraduate student taking 12 hours or more in the fall or spring, 9 hours or more in the summer; or a graduate student taking 9 hours or more in the fall or spring, 6 hours or more in the summer.

Instruction and Research Data File (IRDF) - A file generated from the Faculty Assignments, Commitments, and Effort Certification Tracking (FACET) file which contains detailed data on course section, enrollment, and credit hours, as well as funding and demographic information on instructors.

IPEDS (Integrated Postsecondary Education Data System) - IPEDS is the core postsecondary education data collection program in the U.S. Department of Education's National Center for Education Statistics (NCES). It was designed to help NCES meet its mandate to report full and complete statistics on the condition of postsecondary education in the United States. It is a single, comprehensive data collection system developed to encompass all institutions and organizations whose primary purpose is to provide postsecondary education. IPEDS is built around a series of interrelated surveys to collect institution-level data in such areas as enrollment, program completions, faculty and staff, and financing.

Major Code - A six-digit number assigned to an area of study designated as the student's major field. (The diploma given by the University indicates the degree awarded and the approved degree program.)

Major Field of Study - Students are classified as majors according to their selection of a primary field of study. This field must be selected from approved degree programs and university approved majors within each degree program.

Occupation Code - A four-digit code which indicates the title and general description of the position to which a person is appointed. Occupation codes range from 0001 to 9179 and 9199 to 9499 for regular salaried positions. The range 9180-9198 is reserved for student related titles. Graduate assistants, post doctorates and fellows are appointed to classifications within this range. All codes within this latter range are paid through OPS funds. Faculty, A&P and USPS may be appointed on OPS in the entire range of occupation codes; this, however, is limited primarily to faculty appointments.

Operating Budget - An expenditure plan developed for each fiscal year. The plan must conform to the annual allocation/appropriation and list estimated expenditures by budget category for the year.

Other Personal Services (OPS) - This is one of two sources of salary funds. Persons paid from OPS are performing temporary work of some nature. There is no continuing obligation on the part of the state toward persons on OPS appointments.

Preliminary Headcount Enrollment - The enrollment taken from the official data files of the university as of the end of the 28th calendar day of the term. This figure includes all students, fundable and non-fundable, who are on the Student Instruction File.

Race/Ethnicity - Categories used to describe groups to which individuals belong, identify with, or belong in the eyes of the community. The categories do not denote scientific definitions of anthropological origins. They are used to categorize U.S. citizens, resident aliens, and other eligible non-citizens.

Race/Ethnicity Categories - Beginning in 2010, a new methodology for reporting race/ethnicity was required by the U.S. Department of Education (http://nces.ed.gov/ipeds/news_room/ana_Changes_to_10_25_2007_169.asp). United States citizens and resident aliens are asked to first designate ethnicity as: Hispanic or Latino **or** Not Hispanic or Latino. Second, individuals are asked to indicate one or more races that apply among the following: American Indian or Alaska Native, Asian, Black or African American, Native Hawaiian or Other Pacific Islander, or White.

Glossary of Terms

State Fundable Student Credit Hours - Those student credit hours for which the University receives funding by the state.

Student Classification Level (from Student Information File) - Students are classified on division levels as follows:

| | |
|---------------------|---|
| Lower Division: | A student who has earned fewer than 60 semester credit hours (90 quarter hours), or a student who has not been admitted to upper division. |
| Upper Division: | A student who has earned 60 semester credit hours (90 or more quarter hours), or has an associate of arts (AA) degree, or is working toward an additional bachelor's degree. |
| Beginning Graduate: | A graduate student who has been formally admitted to a graduate degree program but who is not an advanced graduate student. |
| Advanced Graduate: | A graduate student who has been formally admitted to a recognized doctoral or post-master's degree program and who has accumulated 36 semester credit hours (54 or more quarter hours) toward his/her degree program, or has a master's degree. |
| Unclassified: | A student waiting to be admitted to a degree program, or not seeking a degree. |

Student Course Loads (FSU Bulletin) - Students are classified on the basis of semester hours earned as follows:

| | |
|---------------|---|
| Freshman: | Zero to 29 semester hours (0-35 quarter hours) |
| Sophomore: | 30 to 59 semester hours (minimum of 36 quarter hours) |
| Junior: | 60 to 89 semester hours and all lower division requirements (a minimum of 84 quarter hours) |
| Senior: | 90 semester hours (minimum of 132 quarter hours) |
| Graduate: | Any student admitted to a graduate program |
| Unclassified: | Any student not yet admitted to a degree program, including: Special Non-Degree Seeking without Baccalaureate Degree Special Non-Degree Seeking with Baccalaureate Degree Provisional Transient High School Students |

Student Credit Hours - A measure which is equal to the product of the number of students enrolled in a course section times the number of credit hours for the course section. Student Credit Hours for which the University receives funding by the state are called State Fundable Student Credit Hours (SFSCH). Not all SCH are fundable - for instance, credit hours produced by some fee waivers and by students enrolled for audit are not state fundable.

| | |
|-------------------------|---|
| Lower Level SCH: | Hours generated by courses numbered between 1000 and 2999. |
| Upper Level SCH: | Hours generated by courses numbered between 3000 and 4999. |
| Graduate I Level SCH: | Hours generated by courses numbered between 5000 and 8999 and not Graduate II courses. |
| Graduate II Level SCH: | Hours generated by courses numbered between 5000 and 8999 and student's classification level is Advanced Graduate or the degree level sought is Advanced Master's, Specialist, Juris Doctorate, or Doctorate. The student program category must be an authorized Doctoral degree program. |
| Graduate III Level SCH: | Hours generated by courses numbered between 5000 and 9999 and course section type is Medical. |

Student Instruction File (SIF) - A Florida Board of Governor's required file prepared five times annually (summer final, fall preliminary, fall final, spring preliminary, spring final) which contains specific data on all students, enrollments, course sections, degrees, and credit hours.

Tenure - The condition attained by a faculty member through highly competent scholarly activities which assures the faculty member security of employment and immunity from reprisals or threats due to an intellectual position or belief which may be unpopular, and which guarantees annual reappointment for that faculty member until voluntary resignation, retirement, or removal for adequate cause.
